Hi all,

EPA has requested that the regional reports be turned in by **Tuesday May 28th!** So one day earlier than expected. If you could please accommodate that would be wonderful. If not, please bring 30 copies with you to the meeting.

Thank you very much!

Sincerely, Amy

Amy Sullivan

Subject: SFIREG - Submission of Regional Reports & Issue/White Papers

In preparation for the upcoming meeting, **please submit your respective regional reports by Wednesday, May 29 directly to Amy with cc: to Yvette Hopkins.** For those of you that have already submitted your reports, thank you!

Also, if you intend to present an Issue Paper or White Paper during your regional report, I would request that these be sent to me in advance of the meeting so I may forward them to the group. This will provide the opportunity for review prior to the meeting and will help inform the discussion.

Finally, on a related note, I have requested that OPP and OECA updates be provided in writing in advance of the meeting so I may share them with you. While select items will still be presented during the update, this will ensure you have all the most current information and can ask any related questions during the meeting.

Thank you.
